### And What Have You

By BOB CRAIG

The Rev. Howard Jones wrote the following in the First Baptist Church newsletter this past week and we feel it bears repeating for those who do not get the newsletter and for those who do but might have missed it.

#### Big Test for A Small Town

Our community faces RIGHT NOW one of the BIGGEST TESTS ever in the effort to keep a MEDICAL MINISTRY: DOCTORS, NURSES, CLINIC, HOSPITAL.

Two of the three doctors Hamlin has had for years have chosen to remove their practice to other places. While I regretted their departure, I recognize their absolute freedom of choice to make such decisions. They will boost the medical ministry where they have established their practice. I am grateful for the much good they both accomplished here.

You will recall that, during these changes, it was announced that Hamlin Hospital would be closed on a certain date. By then we all surely realized that the continuation of medical services in our town was in jeopardy.

Public-spirited citizens were at work on the problem, and when certain ones took over the operation of the hospital we welcomed the news that it would remain open.

A great lift came when Dr. M. L. Smith declared he would remain in Hamlin, at least for a time, while a determined search for additional doctors was made.

As it stands today, these are the primary actions that have saved medical ministries for our community, and give us hope for the future. The search for more doctors goes on apace by interested citizens.

July 27 will be "DR. M. L. SMITH APPRECIATION DAY" in our little city. Everyone who knows the value of medical facilities, and who genuinely cares about the future of Hamlin, will see the importance of this action by city leaders.

Thank you, Dr. Smith, for being the ANCHOR MAN for what we pray is to be a continuing medical ministry here. And thanks to the citizens who are keeping Hamlin Hospital open as appeals go forth to other physicians to join Dr. Smith.

Let prayers be made to Almighty God for Divine assistance that we may successfully pass this BIG TEST FOR A SMALL TOWN, and always have available to the citizenry medical services for those electing to use them.

— Howard J. Jones

Original plans for this special day for Dr. Smith called for all of this to be a big surprise, but it has gotten too big for that now. We just hope that everyone will keep their calendar clear for Thursday, July 27, and take their sack lunches down to the City Park and be a part of this effort to show our appreciation to this man who has made many sacrifices for us over the past few months.

Well the Democratic convention is over and George McGovern is the Democratic candidate for our nation's highest office. While he won the nomination with ease we still find it hard to believe that a man expressing the liberal views he does is really the choice of the majority of the Democrats over the nation.

As some one pointed out, McGovern is so liberal that many of the old line liberals now look like conservatives.

But the best quote we have seen from the convention was expressed by a middle-aged, middle-income, middle-of-the-road Democrat. Reviewing assorted gatherings in Miami Beach, he noted that "there's

The special day has been set aside to honor Dr. M. L. Smith and his family and will be climaxed with a City-wide picnic in City Park at 7 p.m. that evening.

In issuing the proclamation, Mayor Joe E. Ford cites active involvement of Dr. Smith in the educational welfare of the community by serving on the local school board and also serving in other areas of community life while performing medical services to the entire community.

The proclamation also points out the contributions made by the entire Smith family in the enrichment of community life in

Hamlin through their participation and leadership in school, civic and church affairs.

Everyone is cordially invited to bring their picnic supper to the park and participate in this special occasion. We guess the thing that best symbolized the whole convention the best for us was the big deal over the lettuce boycott.

We just don't believe that lettuce issue was quite that world shattering, what with all the other problems facing mankind, but we have to admit that it did seem about as important as anything else that happened in Miami last week.

# REST

A day of play has tired  
this little one, but now  
sleep will bring about the  
needed rest. This is the time  
for restoring energies, and  
breaks the day's pace.  
The Lord set aside a day for rest  
and worship. This day allows  
us to be in the Lord's  
house and renews our energies  
for the week to come.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

by Mrs. R. M. Babb

Nice Monday morning, it is cool and very pleasant. The W. M. Turners are enjoying a cool vacation in Antonita, Colo. Some people have all the luck!

Visiting in the home of Mrs. Gladys Williams one day last week were Mr. and Mrs. Mason James and Mrs. Tom Green of Sweetwater.

Mrs. Jack Gann has been visiting in San Angelo in the home of their daughter.

All the reports I hear from Buddy Williams in Houston are very good. He is able to walk on his new artificial leg and hopes to be using the artificial arm before too long. Surely is good to hear.

If you missed the singing at the Methodist Church Sunday night then you really missed something. Everyone really had a good time. Between 50 and 75 people were there. Some were from Abilene, Anson, McCaulley. After church service, the Baptists came by.

Mrs. Holden, mother of Mrs. J. P. Maberry, is recuperating in her daughter's home this week.

Our sympathy to the family of Mrs. Nesta Bagley who passed away last Saturday. Nesta was better known here as Nesta Jackson, mother of Stanley Jackson and Mary Ellen Tanner. All had lived here at one time.

Visiting over the weekend in the Woodrow Lawlis home were Mr. and Mrs. Jimmy Purvis and children of Euless, Mr. and Mrs. Mike Dobbs and children of Big Spring. All attended the Lawlis reunion in Rotan where some 65 persons were registered for lunch. Patti and Gianna Purvis are staying the next week with their grandparents.

Mr. and Mrs. W. B. Brown drove to Devine on Sunday with two of their granddaughters, Lawana and Donna Brown, to meet their parents. The girls had remained here to visit after their parents returned to Harlingen.

Mrs. Juanita Holland has recently been moved from John Sealy Hospital in Galveston to Rice Springs Nursing Care Home, Room 45, in Haskell.

## Neinda Philosopher Dwells At Lenght On Problem of Mistaken Writers

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One apparently spent a lot of time listening to the Convention, his letter this week indicates. Loss of sleep affects you that way.

Dear editor:

During one of the speeches via television at the Democratic National Convention last week, by the way, you'd think the people in charge would let the

speakers know they're talking into a microphone and don't have to shout, everybody has a little knob on his set he can turn to step up the volume if he can't hear, anyway, during one of the speeches I got to thinking about all the newspaper columnists and television reporters who kept saying all last year that Sen. McGovern didn't have a chance of getting the nomination — when I remember some of the best of them asking: "Senator, since you haven't got a ghost of a chance, why do you keep plodding along on such a hopeless trail?" — anyway, and I might say here, when you write a sentence as long as this one it's sort of like making a political speech, when you're finally through nobody knows for sure what your point is or even if you have one, anyway, I got to thinking, some way ought to be figured out to shelter columnists and analysts from having their pronouncements turned back on them.

You take me, I write to The Herald once a week, which means I can be wrong 52 times a year, but some columnists write three times a week, giving them a possible score of 156 wrongs, and as for those who write every day or show up on television every day, their score can reach 365. The people with the best score of course are those who write for monthly publications, excusing those who write for an encyclopedia coming out once every ten years.

I have thought this problem over for some time, even to the point of missing three seconding speeches and fourteen interviews from delegates on the floor, and am in no better shape than if I'd gone ahead and listened, or slept, as some people did.

Anyway, if you now ask me

Mrs. Stephenson has been in Port Arthur for a six month's visit with her daughter, Mrs. S. G. Carruth, who accompanied her home. The family was joined here by a son and brother, Rowland G. Stephenson of Tucumcari, N. Mex.
